COURT TERM WAITS

QUESTIONNAIRES WILL TAKE ALL OF ATTORNEYS' TIME.

SET OVER TO OCTOBER 21

At Meeting of Bar Association This Morning New Plan is Adopted for Aiding all Registrants

To allow members of the Maryville Bar Association to give their time to aiding registrants in the new draft to prepare their questionnaires, Judge John M.Dawson, announced this morning,following a meeting of the Bar Association that the September term of Circuit court would be adjourned until the 21st of October.

The action in setting over the court term is due to the fact that over 1,400 questionnaires are being mailed to registrants in age divisions subject to first call, and which must be returned to the draft board within a few days after their receipt by the registrant, and it was deemed inadvisable to undertake to hold court with attorneys engaged in helping the men to fill out their questionnaires.

Judge Dawson decided that the first two days of the court term would be devoted to hearing such cases as would not admit of delay, the others, mostly equity and divorce cases to go over until October, thus leaving the attorneys free to devote their time to assisting the men in preparing their questionnaires.

The members of the bar association have odopted a new plan for expediting the worn of getting the questionnaires filled out and returned to the board and will divide themselves into groups, a certain number of attorneys to be available at all hours during the day, all registrants being asked to report at the circuit court room.

The attorneys decided to do no work in connection with the questionnaires in their offices, but will refer all applicants for legal aid to those on duty in the circuit court room. A committee was named at the meeting this morning composed of Judge W. C. Ellison, L. C. Cook and W. A. Blagg to prepare a schedule of attorneys who will be on duty during the time the questionnaires are being filled out, and also to advise the press that all registrants be prepared to come with their papers on the second day after receipt to answer all questions that must be answered. In the first draft a large amount of time was consumed because of the fact that registrants had failed to become familiar with the questions they must answer and were at a loss to know how to proceed, with, in many instances as much as one or two hours having been spent in making onswers to questions that should have taken but a few minutes. It is expected that the plan adopted will result in giving better service to the registrants who seek legal aid and at the same time permit the attorneys to carry on their business with the least possible interruption.

TO ENLIST IN S.A.T.C.

PREST. RICARDSON, OF NORMAL ANNOUNCE LATEST RULES

IS OPEN TO MEN 18 TO 45

Much Interest is Being Taken and Next Week Will Find a Large Number of Men Enrolled for Service

President Ira Richardson of the State Normal School is in receipt of the following statement of regulations issued by the Committee on Educational and Special Training of the War Department, under date of September 11, and is the latest statement of regulations in his hands, and will answer a good many questions which have been asked recently.

1. After a student has been registered by the local draft board and entered a college in the regular way, he may be voluntarily inducted into the Student Army Training Corps. He then becomes a soldier and is placed on active duty. As he is a soldier, he is no longer under the jurisdiction of a draft board, but is subject to military orders.

2. All men within the present draft ages (18 to 45) with the exception of general service men in class 1 registered before September 12, 1918, are eligible to voluntary induction into a college section of the S. A. T. C. They must pass the usual army physical examination to be held at the college which must show them to be physically fit for general or limited military service. They must have had a four-year high school course or its equivalent and be in attendance at one of the institutions where a unit of S. A. T. C. is to be instituted. No general service men in class 1 who registered under the first draft law (i.e., before September 12, 1918) are eligible to induction into a collegiate unit of the S. A. T. C., but men already inducted into or called for active service may seek transfer through the commanding officer and the regular military channels.

3. Boys under 18 years of age who are in high school or preparatory schools should remain in school and intensify their studies in order to complete their high school work and fit themselves for entrance to college as son as possible.

4. Boys under 18 years of age who have been admitted to college will be given such military training as is possible, but they will not become soldiers and hence will not receive subsistence or pay from the Government until they have become 18 years of age, have registered with their local draft board and have been inducted into the S. A. T. C.

5. It is expected that the voluntary inductions into collegiate units of the S. A. T. C. will take place about Oct. 1. Students must pay their own expenses until induction into the S. A. T. C.

6. Vocational units of the S. A. T. C. which have been in operation for several months as national army training detachments will be continued at the institutions at which they have been established but no units will be added at present.

Registrants of the new draft age who have had a grammar school course or its equivalent but are not eligible for the collegiate section of S. A. T. C. are eligible for induction into these units. Induction will ordinarily be sought, however, only through the local draft board or the registrant and not through the institution at which the unit is established. Men seeking induction into these units will be sent to vocational units only so far as the requirements of the service permit.

7. As enlistments have been discontinued, it is only by voluntary induction that a registrant may enter any branch of the army.

8. Arrangement is now PENDING which will provide that a limited number of men may upon induction be assigned to the navy if they so desire.

As will be seen by the above, the student wishing to secure the military training must be enrolled in the institution. Hence, President Richardson urges that all students who expect to take this training and are eligible should enroll at once and establish their places. Much interest is being shown in the matter and next week will show a large number of men registered in the Normal School for this work.

ENROLL MEN FOR WAR WORK

Commercial Club as Agent of Public Service Reserve Names County Enrollments Agents.

The Commercial Club acting as an agent of the United States Public Service Reserve which has undertaken to secure war workers in all lines of work has named the following Nodaway county men as enrolling officers: O. G. Null, Pickering; Earl Vickery, Arkoe; W. N. Morgan, Parnell; Walter Freytag, Graham; W. B. Torrance, Guilford; J. O. Miller, Skidmore; A. C. Parshall, Quitman; J. C. Pistole, Hopkins; Charles Furgeson, Burlington Junction.

The Public Service Reserve makes known the needs of the government of men for various kinds of war work, unskilled laborers, carpenters, bricklayers and other lines and provides for their induction into government service. Men desiring to enlist for work at good pay are asked to see the secretary of the Commercial Club or any of the enrollment agents.

418,975 WERE REGISTERED

Missouri Exceeded by 34,000 the Estimate of the Enrollment for the New Draft

Jefferson City, Mo., Sept. 19.—There were registered in Missouri September 12 a total of 419,975 men under the draft act between the ages of 18 and 45. This is approximately 24,000 in excess of the advance estimate of the total for Missouri made by Provost Marshal General Crowder. Details of the registration, such as classification by ages will not be available for some days yet. The exact total of the city of St. Louis cannot be made for the reason that there are still a few districts in that city that have not sent in returns to the Adjutant General's office here.

CHILDREN WRITE VERSE

Miss Lucy Palmer of Pickering School Cultivates Poetic Tendency in 7th and 8th Grade Pupils

Miss Lucy Palmer, teacher of the seventh and eighth grades in the Pickering public schools, recently had her pupils write verse, each choosing any subject cared for. Among the best are ones written by Forrest Smith, Lois Dayhoff and Erma Partridge, which follow

"Hallowe'en."

We boys were all out
On Hallowe'en night,
When we saw a ghost coming
All dressed in white.

We all turned around
And began to run,
But on came the ghost
Like a shot from a gun.

He got up close
And let out a yell,
Then I turned my head
And down I fell.

The ghost didn't see me
And passed right on,
But I didn't stop running
Till I reached our lawn.

Thanksgiving Day.

When Thanksgiving day comes,
We all are glad,
We go to grandma's
And none are bad.

Grandpa tells the best of stories
Of wars and olden ways,
And I think it is the best way
To spend Thanksgiving days.

Then next comes the dinner
Of turkey and of cake,
Of fruits, pies and other things
The best grandma can make.

After dinner we start home,
For we have a long ways to go,
We all bunch up in the little sleigh,
And watch the drifting snow.

—ERMA PARTRIDGE.

"Memories of Childhood."

The picture that my memory paints
Is of a little child that kneels to pray
At its mother's knee at the close of day.
Its golden curls, its eyes so blue,
The little heart so innocent and true
Makes a picture dear to me.
While she murmurs innocently,
"Now I lay me down to sleep,
I pray the Lord my soul to keep;
If I die before I wake
I pray the Lord my soul to take,
All this I ask for Jesus' sake."

Have Not Had Time to Count Prisoners and Booty Taken---French Have Made Progress in Drive on St. Quentin.

Special to The Democrat-Forum.

London, Sept. 19.—The British in the new drive in front of St. Quentin have captured the outposts of the Hindenburg line, the war office announced today. Australians fighting on the left stormed the defensive posts of the line taking the village of Gaucewood. Many prisoners fell into the British hands. In addition to the gains in Picardy the British again advanced on the Flanders front. Strong counter attacks were launched by the Germons northwest of St. Quentin in an effort to hold the British turning movement.

The British now are approaching the main defense works of the Hindenburg line. There have been previous contradictory reports of the number of prisoners taken, one said 10,000, another 7,000.

Paris, Sept. 19.—New progress was made by the French in the drive on St. Quentin. Strong German counter attacks were repulsed in other sectors it was announced today.

London, Sept. 19.—The British have captured more than 10,000 prisoners in their latest drive against the German strongholds between Cambrai and St. Quentin. The passing of the Hindenburg line by the British at Essigny and Belincourt, midway along the Cambrai-St. Quentin road opens the way for a double outflanking movement against both towns.

London, Sept. 19.—The Allied armies on the Macedonian front have penetrated to a depth of twelve and a half miles and are relentlessly pursuing the completely beaten forces of the enemy night and day, according to the latest statement from the Serbian war office. The statement said that Bulgarian reinforcements that were hurried up by the enemy were beaten and forced to retire by the French-Serbian crack troops whose morale is excellent. The prisoners and booty taken has not yet been counted.

The Allied forces have captured five towns.

With the Americans in Lorraine, Sept. 19.—American heavy artillery set fire to a factory in the German fortified city of Metz, American aviators reported, it was learned today. They witnessed American shells bursting in the city and saw fire break out following the bursting of the shells. American heavy artillery has been pounding German rear position steadily and every German concentration has come under the range of the American guns.

CHAIRMAN PIERCE BACK FROM LIBERTY LOAN MEETING

OUR QUOTA YET UNNAMED

Next Week the Publicity Campaign Will Begin—3rd Week Will be devoted to Rounding up Slackers

Chairman W. C. Pierce of the campaign committee for the Fourth Liberty Loan returned last night from Kansas City, where he went to attend a meeting of the county and district chairmen where plans were discussed for the campaign which will begin on September 28. The various counties and districts have not yet been assigned their quotas in the Fourth Liberty Loan, the government as yet having made no announcement of definite figures of the total.

Said Mr. Pierce this morning, "the first week of the three weeks campaign will be devoted to advertising and publicity; the second week will be given over to securing subscriptions and the third week will be taken up with finding out those who have done their part and looking up the 'slackers.' The fellow who doesn't show a disposition to do the right thing in this next loan is going to find things mighty unpleasant during this last week," added Mr. Pierce, " and the public is going to know who they are." Mr. Pierce said that with one or two exceptions the same organization as worked in the Third Liberty Loan campaign would be used to put the coming drive across.

"The organization throughout our Federal Reserve District," said Chairman Pierce, "is all set for the work of the campaign, and the spirit of the people is up to a point that we are assured that every community in the district will go over the top."

SELECT YOUR SEED CORN NOW

Gov. Gardnerr Urges Every Effort be Put Forth to Preserve the Best Seed for Next Year

Jefferson City, Mo., Sept. 19.—In a proclamation issued here Governor Gardner sets aside the period from September 23 to October 5 as "seed corn selection time" in Missouri. He calls upon all loyal farmers who have a good field of corn capable of supplying seed to others not so fortunate to fix a price and let his neighbors procure their seed for next year. He also asks the farmers to follow the instructions of the State College of Agriculture for the selection and handling of seed corn. The increasing demand for food products, the Governor says, makes it imperative that every effort possible be put forth to preserve the best seed corn for next year.

COTTAGE CHEESE WITH CARE.

Cottage cheese cannot be made "just any old way." It is very important that it should not be tough and leathery and this means a rather low, even temperature while the sour milk is being heated. If possible use a dairy thermometer and see that the temperature is kept at 100 degrees Fahrenheit for 30 minutes, after which time the curd may be strained from the whey through a cheese cloth bag. After 5 or 10 minutes the curd may be worked toward the center with a spoon. Raising and lowering the ends of the bag helps the whey to drain faster. To complete the draining tie the ends of the bag together and hang it up. Since there is some danger that the curd will become too dry, draining should stop when the whey ceases to flow in a steady stream. The curd is then emptied from the bag and worked with a spoon or a butter paddle until it becomes fine in grain, smooth and of the consistency of mashed potatoes. Sour or sweet cream may be added to increase the smoothness and to improve the flavor. Then the cheese is salted to taste, about 1 teaspoonful to a pound of curd.

Demand for Canned Milk of Goats.

California has a large ranch stocked with Swiss and Nubian goats, the milk from which is condensed and canned. Goats' milk is said to be very rich, and is in demand as nourishing food for invalids. A well-bred milch goat will produce 12 times its weight in milk. A cow produces yearly three times her weight if she is a good milker, but the goat cannot be depended upon for a steady supply of milk at all times through the year. Therefore it is said that canning is the best method of making a goat dairy profitable. An 11-ounce can of condensed goat milk retails at 20 cents in the West, and the sale has thus far been confined chiefly to drug stores.—Pacific Daily Review.

The Store of Reasonable Cash Prices.

Seasonable Suggestions in Reasonable Merchandise

By our system of cash buying and selling we have been able to secure this season an excellent line of ladies coats in the very latest styles and materials. It is impossible to illustrate or describe them all because they were bought from many makers and consequently there are no two alike, in the best materials.

Coats

In plush coats, both plain and fur trimmed we are showing attractive full length models, some with collars and cuffs of fur, and others of plain plush in belted style with large convertible collars. They are warm, roomy coats, and are most reasonably priced at.....$25 and up

A very fine variety of cloth coats in many styles and fabrics at prices lower than you will expect.

Suits

An especially good assortment of beautifully tailored suits, some quite severely plain and others trimmed nicely with braid or fur. They show straight, youthful lines, the coats quite long, and are all well lined and interlined. Prices are $25, $27.50, $30.00, $32.50, $35.00 and up.

COMPLETE LINE OF MISSES' AND CHILDREN'S COATS IN ALL SIZES.

SMART FALL FROCKS

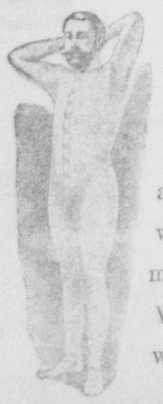
We have some very pretty new dresses stylishly made of silk or wool or silk and wool combinations. These combination materials are especially classy, embroidery trimmed, and no two alike.

Blankets

Because we bought most of our blankets early our prices will be real bargains considering the prevailing prices all over the country for similar merchandise. With the early cool weather there will be a great demand and you will do well to supply your needs while the present stock lasts.

OUTING FLANNEL GOWNS

In view of the very large increase in the price of outing flannels during the past year, we believe that these gowns—for men, women and children will be found real bargains. You could not buy the material at the present market price and make these garments for what we are selling them at.



Underwear

We have reason to be proud of our Underwear stock, containing a very large assortment in all styles, weights and fabrics for men, women, boys, girls and children. When you think of underwear for any member of the family or for any season of the year, think of this store. We cannot describe all of the lines in this space, but we believe you will find better styles and better qualities here for less money.

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains, or other kidney and bladder disorders, will read with gratification this encouraging statement by a Maryville man.

J. N. Bryan, retired farmer, 222 Eleventh street, says: "At one time I was having trouble from my back and kidneys. I had an intense soreness through the small of my back which pained when I tried to bend over or straighten up quickly. My kidneys acted too frequently and this made me weak. I saw Doan's Kidney Pills advertised and bought some from Love & Gaugh's drug store. From the first, I had relief and as I continued using them, I was benefitted in every way. It has been quite a while now since I have needed to use Doan's, so I know the benefit is lasting."

Mr. and Mrs. Lawrence Belden Ogden, who have been spending their honeymoon at Dowagiac, Mich., the guests of Mr. and Mrs. George Chambers, and at Chicago and other places of interest enroute, will arrive home Saturday night. Mrs. Ogden was Miss Ruth Montgomery and her marriage to Mr. Ogden took place Sept. 4.

Mission Circle In
First Meeting

The Mission Circle of the First Christian Church will meet Saturday afternoon at the home of Mrs. Dale Bellows in the first meeting of the year and each member is requested to be present. Mrs. Frank Crow and Mrs. Harold Bellows will be the assisting hostesses. Autos will be at the church at 2 o'clock to convey any of the members desiring to go to the meeting and they are requested to be there at that hour. One of the business plans to be made is that for the semi-annual rummage sale to be held by the circle the first week in October.

Mrs. W. R. Jones and
Daughter Arrive From Denver

Mrs. W. R. Jones and her daughter, Miss Mollie Jones, of Denver, Colo., orrived in the city last night and are at the Balnum Hotel where they will remain for a few weeks visiting relatives and old friends in this city which is their former home. They were guests today at a dinner given by their cousins, Mr. and Mrs. Augustus Romasser and Mrs. Martha Turner, at their home on West Third street. After their visit in this city, Mrs Jones and her daughter will go to Little Rock, Ark., to spend the winter months. They have many close friends in this city who will be delighted with this opportunity to renew friendship as it has been some time since the last visit.

Tourists Meet
With Mrs. A. F. Harvey

If the first meeting is any indication of the future ones,the Tourist Department of the Twentieth Century Club will spend some highly interesting hours of study and discussion this year. The initial session was held Tuesday afternoon at the home of Mrs. A. F. Harvey and the study of South America was begun. Program numbers were given by Mrs. J. C. Allender and Mrs. A W Hoover and Mrs. C. Q. Smith conducted the current events With existing conditions and all countries being the subject of unusual concern, the program was given with more annimation and interest than is often displayed at the club afternoons. Miss Elizabeth Sawyers was a guest at the meeting.

Mrs. R. L. McDougal was appointed leader for the October meeting which will be held at the home of Mrs. L. G. Crossan.

Gives Soldier a
Farewell Party.

Mr. and Mrs. Fisher Mercer, living east of the city, entertained the members of the Young Men's and Young Ladies' classes in the Mt. Ayr Sunday School Sunday night at their home in honor of Ira Mozingo, who leaves Tuesday for the Mississippi State Agricultural college to enter military training. A two course luncheon was served by Mrs. Mercer, assisted by her mother, Mrs. George Irwin, Mrs. Paul Headrick, Mrs. Washington Mercer and Miss Katherine Mercer. Those present were Mr. Jesse Lacy and his class of the following members: Ira Mozingo, Okley Belcher, Cleo Trusty, Lester Belcher, Marvin Jones, Edgar Hall, Lester and Marion Childress, Frank Burch, Miss Edith Marsh and her class members who were Misses Dorothy Nelson, Hazel Belcher, Esther Burch, Ethel and Jessie Mozingo, Leona Watkins, Mildred Looker, Lottie Childress, Garnet Pike, Katherine Mercer, Vivian Lacy. Additional guests were Misses Mary and Ada Fisher, Miss Mary Heitman, Leo Heitman, Purl Headrick and George Irwin.

Makes Soldier
Sweater in New Way.

Miss Orpha James of Elmo, who does exquisite knitting, recently completed a solider's sweater that was not only perfectly made, but was fashioned in a way much more tasteful than the usual pattern. It was made of khaki yarn, knitted on small needles purled for four inches at the botton, then knitted plain for about four inches. Then there was a four inch band of purling made in squares and the shoulder pieces were knitted in the squares across each side only. The band on the body of the sweater gives it an additional firmness as well as making it prettier. Miss James had also knitted a helmet to match the sweater.

Mrs. Wray Improving
in California Clime.

Mrs. T. K. Wray and daughters, Leska and Leta, who are at Long Beach, Cal., are pleasantly situated in an apartment near the beach and the health of Mrs. Wray has improved considerably since they went there. Mr. Wray expects to join his family there for a visit of a few weeks during the winter. The move to California was made in the hopes of benefitting Mrs. Wray, whose health has been quite poor for several months.

Return From Kansas City.

Mrs. Ralph Eversole and Mrs. Ed W. Keck returned last night from a visit of several days in Kansas City and St. Joseph.

Spend Day Here.

Judge and Mrs. William Woods, Miss Grace Woods and Miss Golda Boyer of Btrlington Junction spent yesterday in the city visiting.

A Few Sugarless Ice Creams.

Our natural love of ice cream and the sugar shortage can be balanced by making ice cream with other sweeteners. The United States Food Administration sends these recipes

Plain Philadelphia ice cream—
½ cup light syrup.
⅓ cup honey or maple syrup.
1 quart thin cream.
1 tablespoon vanilla if honey is used or 1½ teaspoons when maple syrup is used.

Bring syrups or syrup and honey to the boiling point, cool, add slowly the cream and flavoring. As both honey and maple syrup are slightly acid, the cream may curdle especially if it is not strictly fresh. This will not affect the final product as the mixture is beaten smooth during the process of freezing. Freeze and serve.

Pine apple Ice Cream—
1 pint milk.
¼ cup light syrup.
2 2-3 tablespoons maple syrup or honey.
½ tablespoon corn starch.
1 egg.
1 pint thin cream.
2-3 cup pulp, or pulp and juice of sweetened canned pineapple.

Heat 1½ cups of milk in the top part of a double boiler. Add the syrup and honey. Mix the corn starch carefully into the remaining cold milk and add to the hot mixture. Cook for 15 to 20 minutes. Pour about ½ cup of the hot mixture over the slightly beaten egg, stirring carefully. Add to the first mixture and cook for a few minutes, stirring constantly. Cool, add cream and pineapple. Freeze.

Peach Ice Cream—
1 pint milk.
⅓ cup light syrup.
⅓ cup honey or maple syrup.
½ tablespoon corn starch.
1 egg.
1 pint thin cream.
2-3 cup peach pulp unsweetened.
Make like pineapple ice cream.

Remus Visitors Leave

Mrs. J. B. Robinson and daughter, Gertrude of Maysville, Mo., who have been visiting Mr. and Mrs. C. F. Remus have returned to their home. They were accompanied as far as St. Joseph by Mrs. Remus, who spent the day there.

COLE'S Hot-Blast Heaters

This heater gives an even steady heat day and night with very little attention.

The extra good base heating feature of the Cole's Heater makes the floors always warm and comfortable.

You can have a warm room early in the morning by simply opening the front draft on the fuel placed in the stove the night before. Cleanliness and fire-holding results are not excelled by any high priced base burner on the market—and Cole's Heaters are good looking stoves, too.

THE GUARANTEED FUEL SAVING

made by the use of the Cole's Hot Blast will pay for the stove in a short time—burns any fuel—coal, wood, chunks or cobs.

WOOD HEATERS

We have a complete line of wood heaters in several different styles, including the celebrated AIR-TIGHT heaters, and all sizes of Hot-Blasts from $22.00 to $35.00.

NEW PERFECTION AND BARLER'S OIL HEATERS.

Now is the time to use an oil heater. Will warm any room in a few moments or keep the living room comfortable during the cool fall days before you set up your heater.

Come and see our line of stoves and ranges and get our prices before buying.

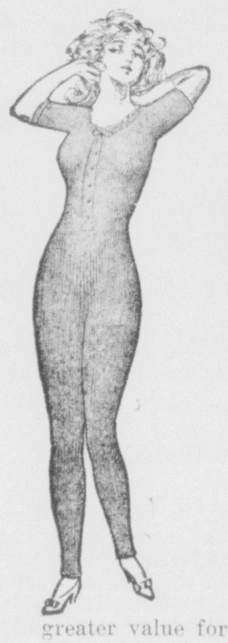
It's Time to Buy Winter Underwear

IT'S time now to secure your underwear for fall and winter wear. When you select your underwear don't be satisfied with just underwear, but insist on the best for the money. If you want the utmost in comfort, warmth, perfection in fit and finish, washability, durability and satisfaction from every point, we recommend—



MUNSING WEAR

You will find in Munsingwear this season the same perfection of fit, finish, comfort, and the same fine quality as in previous seasons.

Prices are, of necessity, higher than formerly. But the quality of each and every Munsingwear fabric is fully maintained.

We can still give you a greater value for your money in Munsingwear than you can get in other kinds of underwear.

We have a nice fresh stock of Munsingwear Union Suits, Vests and Pants to fulfill all requirements for the Fall and Winter season in various styles and sizes for women and children. Whether you are tall or short, stout or slim, there is a right model and size for you.

Once you buy Munsingwear, and see for yourself the real merits of this famous underwear, you will be satisfied with no other kind.

Come in and select your underwear while the stocks are all complete.

A Skidmore Boy Writes.

In a letter from Camp Funston Private Orville Lowrance of Skidmore writes home folks as follows: "You wanted to know why I didn't come home. I can only get a pass good for 36 hours and that would not do me any good. I will come as soon as I can get five or six days furlough. We are getting plenty to eat and they are trying to teach us as much as they can about the army. Our officers are all pretty good fellows. Three fellows have beat it over the hills since I have been here but they got them all back and now guards are with them all the time. When Homer goes tell him he had better mind everything they tell him and don't give back any sass. It pays to make the best of everything."

OLD-FASHIONED REMEDIES.

Grandmother's remedies compounded from the medicinal roots and herbs of the fields are now found upon the shelves of the modern drug stores in attractive packages and are among the best sellers in prepared medicines. Prominent among them is that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, which for three generations has been relieving the women of America from the worst forms of female ills and is now considered the standard remedy in its line. —Adv.

SOLDIERS OF THE SOIL.

The work of growing food is next in importance to that of fighting in the trenches.

Not only has civilian production been vastly stimulated in all of the Allied countries, but much military cultivation of land has been undertaken.

In England every military camp and every German prisoners' camp is engaged in military agricultural operations. Soldiers are cultivating 50,000 acres behind the lines in France, 7,000 acres in Salonika, about 700,000 acres in Mesopotamia, and large areas in Egypt, Palestine and Cyprus.

It is estimated that Mesopotamia will total 25,000 tons of wheat and 100,000 tons of barley from this military cultivation. To accomplish this there have been tractors, threshers and hand implements sent from India and Australia, as well as from Great Britain.

At Salonika there are now growing 2,100 acres of barley, 500 acres of wheat, 700 acres of potatoes, 2,000 acres of corn and 1,700 acres of other crops.

The Perfect Baby Of The Future

A Simple Method That Has a Wonderful Influence upon The Future Infant.

Before the arrival of baby knowing women for over half a century have used with regularity the time-honored preparation, Mother's Friend.

Here is a most wonderful application for the abdomen and breasts. It penetrates the muscles, ligaments and tissues, rendering them pliant to readily yield to nature's demand for expansion.

By its use the anxious weeks of pregnancy are made comfortable. The usual wrenching strain, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and its use brings rest, repose and happy anticipation.

By the regular use of Mother's Friend during the period the muscles expand easier when baby arrives, and naturally the pain and danger at the crisis is less.

Mother's Friend is prepared after the formula of a noted family doctor by the Bradfield Regulator Co., Lamar Bldg., Atlanta, Ga. It is for external use only; is absolutely and entirely safe and wonderfully effective. Write them for their instructive and interesting "Motherhood Book." There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written just what every woman wants to know and will be a splendid little text book of guidance, not only for yourself but will make you helpful to others, and in the meantime obtain a bottle of Mother's Friend from the druggist, and thus fortify yourself against pain and discomfort.
